

## Overview

### **Mission, Vision & Values**

Dignity Health - St. Rose Dominican is the only not-for-profit, faith based hospital system in southern Nevada. Our mission, vision and values guide us in responding to the area's health care needs.

#### **Our Mission**

Dignity Health-St. Rose Dominican is committed to furthering the healing ministry of Jesus. We dedicate our resources to:

- Delivering compassionate, high-quality, affordable health services
- Serving and advocating for our sisters and brothers who are poor and disenfranchised
- Partnering with others in the community to improve the quality of life

#### **Our Vision**

A vibrant, national healthcare system known for service, chosen for clinical excellence, standing in partnership with patients, employees and physicians to improve the health of all communities served.

#### **Our Values**

Above all else, we value:

- **Dignity:** Respecting the inherent value and worth of each person.
- **Collaboration:** Working together with people who support common values and vision to achieve shared goals.
- **Justice:** Advocating for social change and acting in ways that promote respect for all persons and demonstrating compassion for our sisters and brothers who are powerless.
- **Stewardship:** Cultivating the resources entrusted to us to promote healing and wholeness.
- **Excellence:** Exceeding expectations through teamwork and innovation.

### **Our History**

Compassionate care is the essence of who we are and what we do. As the community's only not-for-profit, faith-based healthcare system, Dignity Health – St. Rose Dominican's hospitals have been guided by the vision and core values of the Adrian Dominican Sisters for 75 years.

The Adrian Dominican Sisters are women of vision and timeless values. They draw strength and purpose from God and their rich past. The Adrian Dominican Sisters - who had arrived in Adrian, Michigan, from Germany in the late 1800's - agreed to relocate seven Sisters to southern Nevada in 1947 to serve the Henderson community. Their fellow Sisters continue to do the same today at the three St. Rose Dominican hospitals in southern Nevada.

Since the Rose de Lima Campus opened in 1947 on Lake Mead Parkway in downtown Henderson, the ministry has continuously expanded to meet the needs of the community. The Siena Campus opened in 2000 in the Green Valley area of Henderson, and the San Martín Campus opened in southwestern Las Vegas in 2006. As Henderson and Las Vegas grow, Dignity Health-St. Rose Dominican hospitals will continue to grow as will the Sisters' mission of serving people in need.

In addition to our three acute care hospitals, four Dignity Health-St. Rose Dominican neighborhood hospitals now serve Las Vegas residents. Our neighborhood hospitals were designed specifically to increase access to high-quality emergency care in under-served areas.

**Outreach Centers and Medical Group**

Dignity Health provides family health services through six Community Outreach/Community Wellness Centers in Henderson and Las Vegas. These centers provide a large variety of programs, classes and support groups designed to nurture good health and well-being.

In July 2013, the first Dignity Health Medical Group Nevada location opened in Las Vegas. It was soon followed by additional offices in Henderson and Las Vegas. The physicians at our Dignity Health Medical Group Nevada medical clinics offer office appointments for family medicine, internal medicine, pediatric medicine, pulmonology, and rheumatology. The Dream Fund Pediatric Endocrinology Clinic in Henderson, which opened in 2013, provides specialized treatment for children with diabetes.

St. Rose Dominican is much more than a hospital system that strives to provide excellent care. It is a living legacy - a culture of quality, of compassion, of dedicated community service, and the enduring core values of dignity, justice, collaboration, stewardship and excellence.
